

APPLICATION FOR REGISTRATION FORM
M.S. in BIOMEDICAL INFORMATICS
RESEARCH (BMI 592)
ARIZONA STATE UNIVERSITY
BIOMEDICAL INFORMATICS DEPARTMENT

Last Name	First Name	10 Digit Student ID	Date
Email	Semester	Year	BMI 592 Credit Hours (3 or 6 hours)
Student Signature			

After filing a Final Plan of Study with the Graduate College, the student may register for **BMI 592**. An M.S. student's plan of study (iPOS) must include six hours of BMI 592 Research, 3 hours in each of the last two semesters or 6 hours in the last semester.

Before enrolling for BMI 592 Research, the student must consult with his or her supervisory committee (primarily with the Faculty Research Advisor) to select a topic for the scientific paper. Each member of the student's supervisory committee must sign this form and the student must submit a research proposal before the student can register for BMI 592 for the first time. The research proposal must be 2 pages, single-spaced.
